

December 1, 2022

To Town of Avon Council Members:

The Avon Parks Department Superintendent and Director budgeted for the purchase of two new RTV's in 2023. Shipping and delivery times for equipment is taking between 9-12 months; therefore, to be proactive, Parks Superintendent, Chuck McGee, received three quotes from three companies for the RTV's and a six-foot snow blade attachment.

Upon receiving the quotes, Booth Machinery, located in Crawfordsville, Indiana has the fairest price and trade-in value of the two RTV's for a total of \$36,924.08.

Shipping and delivery of RTV's is currently taking between 9-12 months; however, Booth Machinery has one RTV and the snow blade requested being delivered in the next six weeks. It would be greatly beneficial to make this purchase for the following reasons:

1. It will solidify Avon Parks receiving the one RTV and snow blade en route to Booth Machinery,
2. It will solidify trade in value of the two RTVs to trade, a 2014 Kubota X1100C with 6,000+ hours and 6' Boss Snow Blade with mount and controller and a 2018 Kubota X1100C with 3,000+ hours.

The Machinery & Equipment Account (4439.501.444.104) currently has sufficient funds available from the 2022 Budget.

My request is as follows:

Council approves the purchase of the two new Kubota RTV's and the 6' Snow Blade attachment in the amount of \$36,924.08,

Council approves the trade in value of the 2014 Kubota RTV at a value of \$4,500 with the Boss Snow Plow at a value of \$1,500 and the 2018 Kubota RTV's and Snow Blade at a value of \$6,000, and

Council approves the Clerk Treasurer to make payment.

Sincerest thank you,

Shelby Marshall
Parks Director

Chuck McGee

Subject: Kubota RTV-X1100CWL-H Quote

Hi Gary,

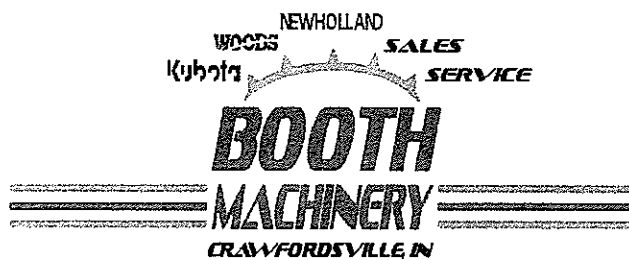

We plan to replace two (2) RTVs in 2023. Please quote based on the following:

- 1) Two (2) RTV-X1100CWL-H 4WD Diesel with standard cab, heat, wiper, spray in bed liner, power cargo lift and heavy duty work tires
- 2) LED front work lights (2)
- 3) LED rear work light (1)
- 4) Turn signal/hazard light kit
- 5) Strobe light kit
- 6) Boss 6ft straight blade plow with mount and controller

We will be trading in two (2) RTV- X1100C diesels. One is a 2014 model year with approximately 6,000+ hours and will include a 6ft-6in Boss V-plow with mount and controller. The other is a 2018 model year with approximately 3,000+ hours (no plow). Both units are currently used on a daily basis.

Please submit a quote by Friday, December 2, 2022. Thanks, Gary.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Chuck McGee,
Thanks for requesting the attached quote for two Kubota vehicles with 6' BOSS straight plows.
Price of new equipment is subject to change by manufacturers due to uncertain ETA.
But both trade values will remain the same as long as both trades are still in good running order at time of delivery.
I have petitioned Kubota for an additional discount, but my request is pending. So for now this is my best current valid bid/quote.

Hi Max,

Please submit a written quote for the two RTVs we recently discussed. We will be trading in 2014 and 2018 X1100C models. The format used on your 5/14/2022 quote is fine. Thanks.
