obsolescence, standard building, or other factors which have impaired values or prevent a normal development of property or use of property;

2. The Economic Revitalization Area shall be the area depicted in map attached as Exhibit B;
3. Radial, Inc is not a retail business;
4. After review of the Statement of Benefits and all other pertinent information, the Town Council determines the following

- a. The estimated value of the development of the area is reasonable for projects of this nature;
- b. The estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the project;
- c. The estimate number of the annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the project;
- d. There are additional benefits that can be reasonably expected to result from the project; and
- e. The totality of the benefits is sufficient to justify the abatement.
